Joint initiatives

**Sponsored by: \* Shaanxi Patriotic Volunteer Association, a non-governmental organization in consultative status with the Economic and Social Council**

The responsible person receives the following letter of proposal, please reply and confirm in time.

[28 February 2023]

## Letter of initiative to jointly launch the International Patriotic Convention

Dear non-governmental organizations:

As a non-governmental organization in China, we advocate the patriotic concept of “loving our country and not sacrificing the interests of other countries” .

On the earth, the people of every country deeply love the hot land where they raised themselves and their country. However, due to the selfish and greedy human nature, the populists of some extremely inflated hegemonic countries, while the people of the world are developing themselves in a peaceful atmosphere and seeking great harmony, greedily cast their evil eyes on the “food basket” of others, and engaged in the activities of looting and looting. The expansion of selfish desire and greed is based on the plunder and occupation of weak, poor and backward developing countries.

On the earth, in most countries, there have also been anti-human disasters in which people with ulterior motives, in order to realize their own desires, created national division and social unrest in the name of “patriotism” .

We need the prosperity of our country, the peace and stability of our society, and the peace and harmony of our country, but we do not need any excuse for war, division and social unrest.

We hope that non-governmental organizations around the world will unite and propose that the United Nations draft the “International Patriotic Convention” and prepare for the establishment of the “International Patriotic Committee” , so as to fundamentally cut off any force and create national division and social unrest in the name of “patriotism” in our country or other countries.

If your organization agrees with the international patriotic concept of “love your country, not at the expense of other countries’ interests” advocated by us, please print out this letter of proposal, affix your organization’s seal in the signature column below, and sign the name of the person in charge of the organization and send it to us. We plan to hold the first International Patriotic Convention Joint Initiative Conference in Xi’an, China.

At that time, we will invite your organization to participate in this grand event in Xi’an, China. We will provide thoughtful and enthusiastic travel and inspection services for the participants.

Chairman:

Shaanxi Patriotic Volunteer Association
