

# TTC RIGHTS OF TOMORROW

**Karlovac, Croatia**

**Erasmus+**

# WHAT DID WE LEARN?

In this training course, our main topic were **Human Rights**.

We have learned more about history of human rights itself, what kind of human rights are there, and how are they grouped. Our trainers **Igor and Branimira** did a great job at helping us understand everything in the easiest and most **effective way.**

We had a lot of fun  
and we really liked the way that  
program was done. **Creative, fun and  
entertaining** activities helped us to  
understand the topic of human rights  
in the best possible way, on practical  
examples. We are really **thankfull**  
for their **kindness** and organisation  
aswell as their **hospitality**.
