and utilizing outer space

**10 DAYS TRAINING
PROGRAM OUTLINE**

Belgrade

Module 1:

Traveling Workshop & Connection

Working Days 1-4

Arrival, 20th of July, Departure 25th of July

Day 1, 21st July, Novi Sad:

- Opening Session: Introduction to CRISPACE, objectives, and expected outcomes.
- Media, Digital, and AI Skills Overview: Key concepts and current trends relevant to space infrastructure and interdisciplinary projects.
- Mentorship & Practical Exercise 1:
 - Participants are grouped into diverse teams to work on mini projects.
 - Mentorship pairing: Experienced leaders mentor groups, focusing on collaboration skills and problem-solving.
 - Exercise: Developing a digital/media-based communication plan for a hypothetical space project.

Day 2, 22nd July, Novi Sad:

- Workshop: Building effective networking and team-building skills through simulated scenarios.
- Practical Exercise 2: Digital toolkit development: Participants create digital resources or tools to support project communication.
- Mentorship & Feedback: Real-time feedback from mentors on teamwork and digital tools used.

Day 3, 23rd July, Novi Sad-Belgrade:

- Training Module: Integrating media, digital, and AI solutions into project management and communication.
- Practical Exercise 3: Design and presentation of a digital or AI-based project component.
- Networking Activity: Peer review and cross-team collaboration.

Day 4, 24th July, Belgrade:

- Workshop: Advanced skills in media literacy and knowledge management for project sustainability.
- Mentorship & Practical Exercise 4: Simulation of crisis communication or stakeholder engagement using media and AI tools.

Belgrade

Module 2:
**Danube Traveling Through History
& Cultural Understanding**
Working Days 5-8
Arrival 24th July, Departure 29th of July

Day 5, 25th July, Belgrade-Danube-Kladovo:

- Cultural Heritage Danube by Boat Tour: Guided experiences along the Danube, exploring historical landmarks and cultural stories.
- Workshop: Understanding cultural differences and their impact on international cooperation in education, health, peace, and innovation.

Day 6, 26th July, Kladovo:

- Final Workshop Day & Transition:
 - o Teams refine their projects and prepare presentation pitches.
 - o Focus on leadership, mentorship, and networking skills.
- Cultural Reflection & Connection: Sharing insights from the first module and interactive discussion on cultural awareness in global cooperation.

Day 7, 27th July, Kladovo-Belgrade:

- Discussion & Reflection: How historical and cultural contexts shape perceptions and collaborations.
- Practical Exercises:
 - o Case studies on successful and challenging international projects.
 - o Role-playing to simulate multicultural team interactions.

Day 8, 28th July, Belgrade:

- Development of Global Networks:
 - o Strategies for establishing trust and mutual respect across cultures.
 - o Exercise: Participants design a collaborative project incorporating cultural insights.

Roundtable: Sharing the importance of cultural awareness in leadership and project success

Belgrade
